EXECUTIVE SUMMARY

Message from the Superintendent

At the 2024 State of the System address in February, Hamilton County Schools (HCS) staff and students highlighted the ways we have been realizing our strategic plan, [Opportunity 2030](#), in its first year of implementation. Our staff and students voiced the excellence happening in all areas of our public school system and charged our community with supporting courageous decisions in how we resource our public schools, elevating educators, and sharing these stories of excellence.

[Opportunity 2030](#) is rooted in the community's beliefs of public education as the foundation of our county, the belief that all students can learn, that well-being is essential to students' ability to succeed, and that it is our community's responsibility to reduce barriers limiting student success.

As you heard at State of the System 2024, our values are how Hamilton County Schools upholds these beliefs and commitments every day. Our school system values:

- Integrity - We put students at the center.
- Excellence - We aim for excellence.
- Inclusiveness - We embrace diversity.
- Care - We care for people.
- Collaboration - We listen and learn.
- Stewardship - We steward resources efficiently.

As we drafted the 2024-2025 budget, we kept these values at the forefront of our decisions. We intentionally focused on evaluating our current spending and aligning our investments to support our commitments. These five key commitments are: **Every Student Learns, Every Student Belongs, Every School Equipped, Every Employee Valued, and Every Community Served.**

We took time throughout the year to listen and learn. We scrutinized each investment to ensure it is efficient, puts students at the center, and promotes excellence. We believe this proposed budget will support us in continuing our ambitious work toward becoming a leader in developing diverse graduates who are connected, competitive, and life-ready.

HCS isn't one individual's school district—it is all of ours, and we have a shared responsibility to all of the children within it. As we enter our second year of implementing our strategic plan, [Opportunity 2030](#), I am excited about the strategic investments we are proposing to and for our community to support the continuation of work towards our just cause—***all children thrive and experience a future without limits.***

With Care and Commitment,
Dr. Justin Robertson, Superintendent

Overview

In Hamilton County Schools (HCS), we believe our budget is an expression of our values and priorities. Each year, we remain committed to developing a budget crafted to best meet the needs of every student and move us closer to reaching our 2030 vision of being a leader in developing our diverse graduates to be connected, competitive, and life-ready. This year, our revenue will come primarily from state, local, and other funds, including self-funded sources and federal programs.

The HCS fiscal year 2025 (FY25) proposed budget is a priority-based budget that maximizes the use of an all-funds approach and emphasizes the importance of collaborative decision-making, clarity and transparency, stewardship, and alignment to our commitments.

Collaborative decision making: HCS values stakeholder input and defines collaboration as listening and learning. In holding to our values, we have engaged stakeholders throughout the year to gather feedback on the first year of implementation of our strategic plan, [Opportunity 2030](#). The proposed FY25 budget reflects engagement from various leaders and stakeholders and a review of relevant data, and outlines where all input has been taken into consideration.

Clarity and transparency: HCS is committed, each year, to presenting a clear and transparent budget that provides visibility into where funds are allocated to support the needs of our students. The FY25 budget has been developed to reflect how these investment decisions align with our commitments and reflect community priorities. Full budget details and line items are included in the budget documents to further this commitment to clarity and transparency across all investments in our students.

Stewardship: In HCS we value using our resources efficiently and keeping students at the center of all decision-making. We continue to engage our community and our board in the decision-making process to determine which initiatives we should invest in to further our commitments, and we gather input on difficult decisions to discern where investments may need to decrease over time.

Alignment to our commitments: As a part of a priority-based budget, HCS believes that it is critical to elevate student needs, align our investments to our commitments outlined in [Opportunity 2030](#), and reflect community priorities each year to determine the best use of funds to support our students.

- **Every Student Learns** - The FY25 proposed budget continues to increase our most significant investment in our school staffing model by \$10 million, including an additional \$3.5 million in strategic staffing funds. This includes a new investment in Response to Intervention and Instruction (RTI2) staff in every middle school to support all students in our school district.
- **Every Student Belongs** - The proposed budget includes a continued investment in student belonging in response to the community and the board's belief that well-being is essential to students' ability to succeed. This includes school-based staffing such as student support coaches, counselors, social workers, college and career advisors, and nurses. Also included is a continued \$2 million investment in school allocation funds that support arts and extracurricular opportunities in every school.
- **Every School Equipped** - We recognize the importance of learning environments on the academic success and well-being of our students. As a part of our proposed FY25 operating budget, we are maintaining our investment in operations which includes transportation, maintenance, school security, and technology infrastructure. We are sustaining our critical investments in high-quality textbooks and materials as part of equipping our student learning environments.
- **Every Employee Valued** - The proposed budget includes compensation for our employees as a priority. We continue to confirm our commitment to valuing every employee by investing in competitive compensation. The proposal includes \$31 million allocated for increased compensation for full-time employees. Additionally, we continue to invest in benefits, stipends, professional development, and differentiated compensation to support the recruitment and retention of effective employees in our hard-to-staff subjects or locations.
- **Every Community Served** - Hamilton County Schools' proposed FY25 budget affirms our commitment to the importance of the community's role in supporting our students to become life-ready. In support of this commitment, we have included investments in sustaining alternative educational programs connecting to jobs and pre-apprenticeships in our community. We have also proposed purposeful investments in career explorations for students in our middle and high schools.

Budget Process and Timeline

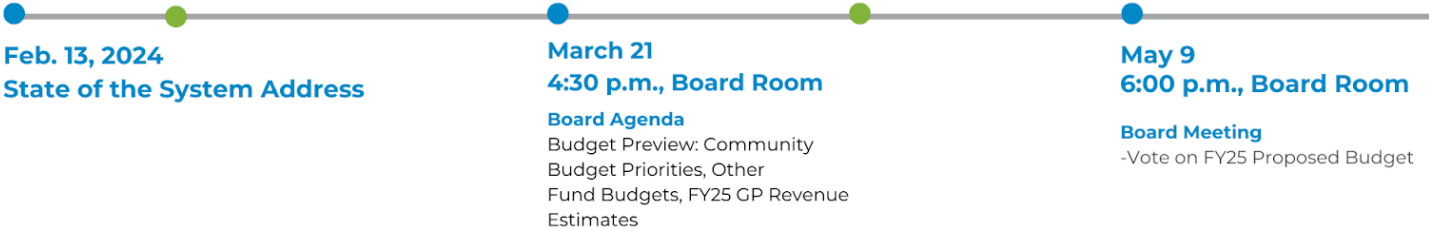

The budget process began with the State of the System Address and community input meetings in late February 2024. The Hamilton County Board of Education will vote on the proposed budget on May 9, 2024.

FY 24-25 BUDGET TIMELINE

Feb. 22-29
Community Budget Meetings
February 22, 6 p.m.
February 26, 6 p.m.
February 27, 6 p.m.
February 29, 6 p.m.

April 18
4:30 p.m., Board Room
Board Agenda & Regular Session
Present GP Operating Budget to Board and Budget Projections

The Hamilton County Commission maintains authority over the allocation of local tax revenues. Therefore, the district and Board must present the proposed budget to its funding body for approval in order to have requests included in the FY25 Hamilton County budget. Typically, the County Mayor presents a consolidated budget proposal for the county to the commissioners in late May, with a vote on the budget adoptions in late June.

Priority-Based Budgeting Process

Priority-based budgeting is an alternative to zero-based budgeting that focuses on matching available resources to community priorities. This process requires meaningful engagement from the community through setting a long-term strategic plan that guides budgeting and funding decisions each year.

The principles of priority-based budgeting in Hamilton County are rooted in our values:

- **Integrity: We put students at the center.** We make every decision with the best interests of all students in mind.
- **Excellence: We aim for excellence.** We believe that all students deserve care and attention while receiving a high-quality education.
- **Inclusiveness: We embrace diversity.** We celebrate diversity as our greatest strength.
- **Care: We care for people.** We employ talented people, develop them well, and encourage them along the way.
- **Collaboration: We listen and learn.** We authentically listen to all voices to inform the decisions we make.
- **Stewardship: We steward resources efficiently.** We seek to be good stewards of the district’s assets while advocating for the needs of our community.

In Hamilton County Schools we will align our budget, each year, to the priorities of our community as outlined in our strategic plan, *Opportunity 2030*. Our all-funds budget is a combination of several funding sources, all utilized collectively to support our commitments.

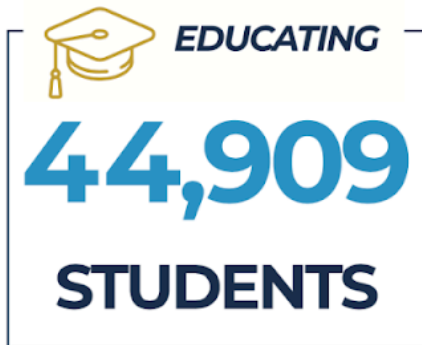

OPPORTUNITY 2030

Opportunity 2030

All children thrive and experience a future without limits.

Our Beliefs

- Public education is the foundation of our community.
- All students can learn.
- Well-being is essential to students' ability to succeed.
- It is a community responsibility to reduce barriers limiting student success.

Community Priorities

This proposed FY25 budget was developed to address the community priorities expressed through strategic planning sessions, in-person and virtual community input sessions, surveys, and ongoing feedback gathered from our standing student, teacher, and parent advisory boards. The proposed FY25 budget was not created in isolation. The community priorities are aligned with our [Opportunity 2030](#) commitments and include:

Strategic Plan Focus Area	Community Priorities
Every Student Learns	K-8 intervention and gap closure supports
	K-2 literacy supports
	Sustained adult-to-student ratios (1:10 district average)
Every Student Belongs	Increased well-being supports for students
	Arts education and extracurricular activities
	Response to Instruction and Intervention for Behavior (RTI2B)
Every School Equipped	High-quality instructional materials
	Safe and secure schools
	Concentrated supports for students with high needs
Every Employee Valued	Employee compensation and benefits
	Employee satisfaction efforts
	Professional development opportunities
Every Community Served	Work-based learning and youth apprenticeships
	Personalized student and family connections
	Early career exploration

BUDGET HIGHLIGHTS

Proposed Operating Budget Summary

We have organized our budget to show major initiatives that align with our commitments outlined in our strategic plan, *Opportunity 2030*. This budget format allows our community to see how our initiatives align with dollars invested to drive improvements in student outcomes and strategic plan metrics across all operational areas. A summary of the budget is detailed in the table below.

Revenue Source	Dollars	Percent
Local Operating Revenue	\$300,267,533	52%
State Operating Revenue (TISA)	\$268,245,176	47%
Other Operating Revenue	\$2,497,028	1%
Proposed Operating Revenues	\$571,009,737	100%

Cost of Major Initiatives ¹	Dollars
Every Student Learns	\$343,000,000
Every Student Belongs	\$36,000,000
Every School Equipped	\$98,000,000
Every Employee Valued	\$157,000,000
Every Community Served	\$19,000,000

As a part of our priority-based budgeting process, everything we budget supports the work of our strategic plan, *Opportunity 2030*. Our budget narrative will anchor on the major initiatives we are proposing to invest in each year and the funding aligned to those decisions. This will allow us to clearly communicate annual changes in funding decisions and how chosen initiatives align with our commitments.

The total cost of major initiatives will change depending on the scale and cost of the initiatives in focus that year. Some initiatives support the work of multiple commitments and thus may be allocated within more than one commitment category. The budget detail documents will always include the entire budget breakdown for full transparency.

¹ The initiatives highlighted in each commitment overlap in multiple commitments. For this reason, the total dollar amount appears to be more than the proposed operating revenue.

Other Funds Summary

Revenue Source	Dollars	Percent
School Nutrition	\$27,736,907	36%
Self-Funded Programs	\$13,822,881	18%
Federal Programs	\$36,304,056	47%
Proposed Other Funds Revenues	\$77,863,844	100%

School Nutrition

The school nutrition department supports breakfast, lunch, and snacks for over 30,000 students every day. The budget is self-funded as revenues from lunch purchases and USDA sustain the department.

Self-Funded Programs

Self-funded programs include programs funded through private contributions or charges for services. Programs are contingent on the funding source and are self-sustaining to the extent that funds remain available.

Federal Programs

The Federal Programs budget includes federal Title programs (primarily for at-risk students), as well as the Individuals with Disabilities Education Act (IDEA), Perkins Grant for career and technical education, school improvement grants, and funds to support homeless students.

State Grants

Tennessee Department of Education (TDOE) allocates State grants to districts. These grants include a state Pre-K grant, Innovative Schools Model, SPARC grant, and Arts360. State Grants are considered to be General Purpose revenues.

Proposed All Funds Summary

Revenue Source	Dollars	Percent
Proposed Operating Revenues	\$571,009,737	85%
Proposed State Grants	\$24,978,246	3%
Proposed General Purpose Revenues	\$595,987,983	88%
Proposed Other Funds Revenues	\$77,863,844	12%
Proposed All Funds Revenues	\$673,851,827	100%

In total, Hamilton County Schools is expected to operate with an all-funds total budget of just under \$674MM. The largest portion of this budget is generated from proposed operating revenues of just over \$571MM which is 85% of the all-funds budget.

As a part of our priority-based budgeting, we strategically combine and use all funds to address our commitments outlined in our strategic plan, *Opportunity 2030*.

The budget details will outline the major initiatives HCS is proposing within the FY25 budget. This funding focuses only on items that are funded through operating revenues and does not include additional priorities that are funded through state grants and other funds.

Full details of all operating revenue sources including specific line item allocations are included in the budget documents and appendix sections.

BUDGET DETAILS

Every Student Learns

Total Cost of FY25 Initiatives	Percent of FY25 Operating Revenues ²
\$343,000,000	60%

Every student will improve in their learning each school year. As a part of our strategic plan, HCS is committed to investing in initiatives that will meet our objectives of developing students as readers, writers, and thinkers, ensuring student growth in the classroom and against the standards, and strengthening early literacy supports for our youngest learners.

Our largest proposed investment for FY25 includes adding \$10MM in additional dollars to support the school-based staffing model. These additions include \$6.5MM in additional base staffing and \$3.5MM in additional strategic staffing funds available to all schools, for a total of \$343MM spent on school-based staffing. The proposed budget includes a combined \$42MM investment in English as a New Language and Exceptional Education staff to support student growth in the classroom and against the standard, and the new addition of an RTI Teacher in every middle school to provide literacy and numeracy support in elementary schools to support all learners in our school district.

Investment ³	Amount	Percentage of Total
School Based Staffing Model	\$343 million	100%
<i>Base Staffing Funds</i>	<i>\$304 million</i>	<i>88%</i>
<i>Strategic Staffing Funds</i>	<i>\$39 million</i>	<i>11%</i>
<i>RTI Teachers K-8 - Base Staffing</i>	<i>\$5 million</i>	<i>1%</i>
<i>ENL and ExEd Staffing - Base Staffing</i>	<i>\$42 million</i>	<i>12%</i>
Total	\$343 million	100%

² The initiatives highlighted in each commitment overlap with other commitments. For this reason, the percentage across all commitments add up to over 100%.

³ Lines highlighted in gray and italics are called out as subparts of the investment listed in the item above. The percentages listed in gray are not included in what adds up to 100%.

Every Student Belongs

Total of Proposed FY25 Initiatives	Percent of FY25 Operating Revenues
\$36,000,000	6%

Every student will have connections to their school through educators, staff, other students, and their community. The proposed FY25 budget includes an intentional investment in student belonging in response to the community and Board belief that well-being is essential to students’ ability to succeed. We are focused on our objectives of creating a sense of belonging in school and in the community, strengthening relationships between schools and families, and continuously improving student well-being. Along with these operational funds, we will receive additional funding through federal and state grants like the Comprehensive Coordinated Early Intervening Services grant (CCEIS), where we are strategically funding additional intensive behavior support seats in classrooms.

Our proposed investment includes \$33 million towards sustaining base staffing positions in every school, aimed explicitly at addressing and supporting the individualized needs of our students. Furthermore, we recognize the importance of arts and extracurricular activities in enhancing student engagement and fostering a vibrant school culture. To this end, a proposed \$2 million will be allocated to school resources, enabling every student to explore and connect with their passions and interests.

Investment	Amount	Percentage of Total
Sustained Personalization Staffing Positions	\$33 million	92%
<i>Student Support Coaches</i>	<i>\$6 million</i>	<i>17%</i>
<i>Social Workers</i>	<i>\$5 million</i>	<i>14%</i>
<i>Counselors</i>	<i>\$10 million</i>	<i>28%</i>
<i>College and Career Advisor</i>	<i>\$2 million</i>	<i>5%</i>
Centralized RTI2B Supports	\$1 million	3%
School Allocation Funds	\$2 million	5%
Total	\$36 million	100%

Every School Equipped

Total of Proposed FY25 Initiatives	Percent of FY25 Operating Revenues
\$98,000,000	17%

Every school will have equitable access to resources such as facilities, technology, and operations that provide for their individual student needs. We are committed to investing in initiatives that support our objectives to create an environment that supports learning, prioritizes safe and secure school environments, and invests in resources that remove barriers.

To this end, we have allocated a significant portion of our budget to sustain and enhance our operational efforts. This prioritized allocation of funds is designed to ensure that our physical spaces are not just structures, but nurturing environments that support and enhance student learning.

Our proposal of \$73 million towards operations such as transportation, utilities, and maintenance is a testament to our commitment to creating accessible and equipped learning environments. Moreover, recognizing the critical role of technology in today’s educational landscape, we are proposing an investment of \$7 million in technology infrastructure. Additionally, we are continuing to prioritize investments in high-quality textbooks and instructional materials to ensure all of our schools are equipped with the resources needed to support every child.

Investment	Amount	Percentage of Total
Operations	\$73 million	75%
School Safety and Security	\$5 million	5%
Technology Infrastructure	\$7 million	7%
Textbooks and Materials	\$13 million	13%
Total Investments	\$98 million	100%

Every Employee Valued

Total of Proposed FY25 Initiatives	Percent of FY25 Operating Revenues
\$157,000,000	27%

Every educator and staff member is valued while feeling empowered, supported, and connected to their work. As a part of our FY25 proposed budget, we are committed to continuing our multi-year effort to invest in our educators and staff, who are the backbone of our district. They not only educate but inspire, and it is our responsibility to ensure they feel valued, supported, and connected to their work.

Our proposal for the FY25 budget is ambitious and reflective of our dedication to our staff: an additional \$31 million earmarked for employee compensation. This significant investment will support a variety of initiatives such as raises, longevity increases, and enhancements to classified compensation. Importantly, these efforts also align with our objective to elevate the starting salary for teachers to \$50,000 by 2026, a milestone that underscores our commitment to attracting and retaining the best talent in the field of education.

Furthermore, the FY25 budget includes provisions for differentiated compensation, recognizing the varied and often extended contributions of our employees. Stipends for work completed outside of regular contract hours, alongside targeted funding to bolster recruitment and retention in hard-to-staff areas, underscore our holistic approach to employee satisfaction. By investing in our educators and staff, we are not merely enhancing our district’s appeal as an employer of choice; we are fostering a community where every member feels empowered to contribute to our shared vision. This is more than a budgetary commitment; it is a statement of our values and our belief in the transformative power of public education.

Investment	Amount	Percentage of Total
Compensation Increases	\$31 million	20%
Differentiated Compensation	\$16 million	10%
<i>Employee Stipends</i>	<i>\$9 million</i>	<i>6%</i>
<i>Hard to Staff Schools and Certifications</i>	<i>\$7 million</i>	<i>4%</i>
Employee Benefits	\$110 million	70%
Total	\$157 million	100%

Every Community Served

Total of Proposed FY25 Initiatives	Percent of FY25 Operating Revenues
\$19,000,000	3%

Every family, partner, mentor, and advocate will be connected and empowered in their critical role in supporting our students to become life-ready. Hamilton County Schools’ proposed FY25 budget continues our commitment to the importance of the community’s role in supporting our students to become life-ready. Our investments support our objectives of facilitating thriving futures for all, embedding wraparound supports, and building connections and opportunities for students and families.

In support of this commitment, HCS is continuing its significant \$6 million investment towards supporting our specialized programs. These include the Harrison Bay Future Ready Center, Washington Alternative Program, The Construction Career Center, Opportunity High, and University High. Each program is designed to meet the unique needs of our students. This strategic investment reflects our belief in our community’s responsibility to remove barriers to pathways to success for all students.

Furthermore, we are sustaining our investment of \$1 million in family and community engagement initiatives, funded through general purpose dollars. This investment underscores our commitment to strong partnerships with families and community members, ensuring they are equipped and empowered to support our students' journey to becoming life-ready. Additionally, our continued substantial investment in Career and Technical Education (CTE) programming across all middle and high schools speaks to our ambition to provide every student with the skills and knowledge needed to thrive in life.

Investment	Amount	Percentage
Specialized Program Staffing	\$6 million	32%
Family and Community Engagement	\$1 million	5%
Career Explorations (CTE)	\$12 million	63%
Total	\$19 million	100%

CLOSING THOUGHTS

Closing Thoughts

At Hamilton County Schools, we believe that our budget is a direct reflection of our values and priorities. We believe in the importance of creating a budget rooted in the priorities of our community and the needs of our students. Over the past year, we have listened to and learned from our community stakeholders about the importance of student learning, student belonging and connection, equipping our schools, valuing our employees, and serving our communities. We worked alongside our community to implement a common set of values and commitments that will drive our decision-making as we work to achieve the goals set out in our strategic plan, *Opportunity 2030*.

As a commitment to our values and priorities, we have proposed a Fiscal Year 2025 budget that utilizes funding across multiple sources to support our commitments: **Every Student Learns, Every Student Belongs, Every School Equipped, Every Employee Valued, and Every Community Served.**

The proposed budget highlights our investment in beliefs that public education is the foundation of our community, that all students can learn, that well-being is essential to students' ability to succeed, and that it is a community responsibility to reduce barriers limiting student success.

We have proposed sustained investments in our students through adults in school buildings focused on both instructional and personalization support within every school. We have proposed continued new investments in the compensation and development of our employees. We have proposed continued investments in necessary maintenance and infrastructure to continue to support our schools in creating environments that support student learning, and we have increased our investments in programs for our students that provide connections and opportunities to become life-ready.

As we move into the second year of our district's strategic plan, we have a strong commitment to the direction set by our board. We will inform our community of our progress towards these commitments, and through all of this we will remain deeply committed to our just cause, that, in Hamilton County Schools, ***all children thrive and experience a future without limits.***
